When an absence from class is anticipated, it is the faculty member's responsibility to make arrangements for an alternate delivery method, subject to the approval of the department chairperson or the chair designee. To facilitate this process, the Travel Authorization Form and/or Request to be Away from Assigned Duties is located on the mySEMO portal under Faculty Resources (https://my.semo.edu/pages/faculty-resources).

19 20 When an absence from class is unanticipated, and a faculty member is unable to meet a scheduled class because of sudden illness or other emergency, they should notify the department chairperson or chair designee. If the unanticipated absence extends longer than three days, then the Office of Human Resources should be notified.
